PROFESSIONAL SUMMARY

Motivated and detail-oriented IT professional with hands-on experience in full-stack web development, front-end design, and backend integration. Strong foundation in computer science principles and a passion for building efficient, user-friendly applications. Eager to contribute technical skills to a dynamic software development team.

EDUCATION

Completed Bachelor of Technology (B.Tech) in Information Technology from Arya College of Engineering & IT, affiliated with Rajasthan Technical University (RTU), with an aggregate CGPA of 7.00 (October 2021 – May 2025).

WORK EXPERIENCE

Web Development Intern – *Oasis Infobyte* (05/2023 – 07/2023)

- Built a simple, responsive calculator using HTML, CSS and JavaScript.
- Created a To-Do List app with add, delete and task completion features.
- Designed a clean & basic responsive tribute page using HTML and CSS.

PERSONAL PROJECTS

Kaamgar Sahayak Junction (RozgarSetu):

- A job portal bridging laborers and employers for efficient hiring.

Myntra Clone:

- Built a fully functional e-commerce frontend using React, integrating features like a working cart, dynamic product display from a server, and *React Router* for seamless navigation between components.
- Gained deep understanding of *Redux Toolkit* for state management, React Hooks like *useEffect* & *useReducer*, data fetching using *fetch*, and how to structure and route components effectively based on *wireframes*.

Text Converter (TextUtils):

- Online tool to transform and format text (case conversion, bold/italic, word count).

ChargeLink (Ongoing) (08/2023 - Present):

- Self-initiated start-up for real-time EV charging station locator with secure bookings and map integration.

ACHEIVEMENTS

- Published Research Paper
 - "*The Art of Animation: GSAP*" – International Journal of Research Publication and Reviews.
 - "*Kaamgar Sahayak Junction Portal*" – Computer Research and Development.
- Hack the League (HTL) CH -3.0 – 30hr Hackathon.
- Google Map API Builder Hackathon.

CERTIFICATES

- Red Hat Certified System Administrator (RHCSA) – Cert ID: 230-088-932
- React & Redux – KnowledgeGate
- MongoDB Certification – MongoDB University.
- What is Generative AI? – LinkedIn Learning.
